Want to know more about Customer-Ticket.com

created on: 2020-01-22 15:17

If you ask me how I can justify the costs of our helpdesk solutions, I would say:

Our solutions works 24 x 7 non-stop on the cloud, and it can document all tickets, send automatic email notifications, generate reports and charts, provide status follow-up for users.

It can do more work than 3 full-time clerical staff, but the cost is much LESS than hiring 1 staff headcount!
